## Grads Win HS Degrees

The Yoe High School Class of 1966 will march onto Yoe Field at 3 p.m. tonight to the traditional Triumphant March played by the Yoe High School Band. The commencement ceremonies will mark the final official meeting for the 94 member class.

Graduates, parents and friends heard Rev. J. E. Lafferty, pastor of the First Baptist Church, Cameron, deliver the baccalaureate sermon at 8 p.m. Sunday. The service at Yoe High Athletic Field included Rev. H. M. Bowley, pastor of Cameron Gospel Tabernacle, Rev. Anthony Thibodeaux, pastor of First Christian Church, Rev. Richard Freeman, pastor, First Methodist Church, Harrison Mc-Lerran, Yoe High principal, and

D. R. Dodson, superintendent of Cameron Schools. The Yoe High Band directed by Francis Cox presented special music.

At tonight's commencement program Valedictorian Sherri Anne Clore will speak on "Our Expanding Heritage" and Salutatorian Cheryl Gay Robbins will speak on "The Growth of Democracy." Honor students Mark Humble and Connie Beth Shumate will give the invocation and benediction.

Diplomas will be awarded by Coleman Duncum, representing the Cameron School Board.

Other honor students to be recognized in the commencement program are: Diane Howard, Brenda Michalka, Diana Mikulec, Ronnie Adams, Beverly Talafuse, Margaret Kestenbaum, Eugene Wallace.

**BUCKHOLTS**  
Baccalaureate services for the Buckholts graduating class were held Sunday, at the Buckholts gymnasium. Commencement exercises for the 11 member class were Tuesday night with Temple Junior College Dean Johnny Payne as guest speaker.

Sandra Gresak was class valedictorian and Calvin Shenkir Jr. was salutatorian.

**ROGERS**  
Louann Skrabanek lead the Rogers High School graduates as valedictorian and Jerry Moore as salutatorian. Baccalaureate and commencement programs were held in the school gymnasium.

D. Melvin Allen, minister of the Rogers Church of Christ, addressed seniors and their guests at the May 22 baccalaureate and H. K. Allen, chairman of the board of Temple National Bank, was guest speaker for the May 24 commencement.

**MILANO**  
Graduation for 28 Milano High Seniors will be at 8 p.m. Friday in the high school gymnasium. Milano's baccalaureate program was held Sunday with Rev. Allan Cearley, pastor of the First Baptist Church, Milano, delivering the sermon.

Honor graduates Larita Kay White, valedictorian and Wayne Pierce, salutatorian, will be featured speakers in the commencement program.

**Buckholts PM Notes**

**Mailbox Damaging**  
Buckholts Postmaster Ed Zajicek has reported two instances of damage to rural mail boxes in the past two weeks on a Buck-rural route.

He said although mail boxes belong to individuals, it is against federal law to tamper with or destroy mailboxes.

He cited Section 1725 of the postal law: "Whoever willfully or maliciously injures, tears down or destroys any letterbox or receptacle intended or used for the receipt or delivery of mail on any mail route...shall be fined not more than \$1,000 or imprisoned not more than three years."

**Services Pending**

**For W. R. Kelm**

Funeral services Friday are pending in Rosebud for W. R. Kelm, Meeks area farmer, who died early Wednesday morning in a Rosebud hospital.

He is the father of William Kelm a vice-president of Citizens National Bank.

Surviving are his wife, Mrs. Kelm, of the Rt. 1 Burlington home; one daughter, Mrs. Otto Schulz, Jr., of Temple; 2 sons, Melvin, of the home; and William Kelm, of Cameron; and four grandchildren.

Hoelscher Funeral Home, of Rosebud, is in charge of arrangements.

Each youth, if completing the June 1-August 27 training program, would earn \$480 at \$1 per hour, Dr. Brown said.

He said the youths would be urged to save about 25 per cent of their earnings.

The program was instituted through the Texas Education Agency, Austin. Authorization for the program was announced early this week.

"It is an effort to curtail high school drop outs," Dr. Brown told The Herald.

\$42,050 TAB

NOTED BEFORE

4th WEEK ENDS

Fund drive for the Cameron Industrial Foundation, Inc., is headed for the halfway mark as a total of \$42,050 has been pledged or collected.

Henry Siebman, secretary-treasurer of CIF, Inc., the non-profit industrial development program told The Herald presstime Wednesday that additional contributions pledged or collected, totaled \$8,000 since the last seven-day report.

Goal is \$100,000.

The drive began officially May 1 and in less than a month is nearing the halfway mark.

Directors continue to meet weekly on Mondays for report and work sessions at the Cameron Chamber's Directors Room.

Organization is being developed for individual and employee contributions while business contacts, both in and outside Cameron, continue.

The Foundation proposes the following for the \$100,000 community investment:

ONE - \$40,000 - purchase of land and preparation for use, to include cost of land, water, sewerage, utility lines, leveling, roadways and site incidentals.

TWO - \$35,000 - Promotion of the industrial site, to mean employment of professional assistance, advertising in trade journals and engineering for prospects.

THREE - \$25,000 - Building reserve fund, to mean a reserve for initiating and financing facilities for lease or sale to any industrial activity beneficial to the Cameron area.

Officers, directors and committeemen-at-large on the Cameron Industrial Foundation, Inc., board are:

N. L. Caperton, president; Robert Wells, vice-president; Siebman, secretary-treasurer; Bill Burns (finance chairman), B. F. Grimes, Frank Luecke, Gene Smittherman, John B. Henderson Jr., Don G. Humble, Lester Williams, Forrest Sapp, Hilliard Thomas, Charlie Burke, Stewart Perkins, Monroe Fuchs, directors; and Albert Collins (finance), E. A. Perrin (sites), and Allen Dodson (finance), committeemen.

### MEMORIAL DAY

Federal offices including the Post Office will be closed Monday, May 30, in observance of Memorial Day. County offices, banks and retail firms plan to remain open Monday.

### Urban Renewal -- Part I

## Panel Studies Outline

STAFF REVIEW  
(One of a Series)

The nine-member City Planning Commission has received a summary of Urban Renewal activities for review from Plans Chairman A. W. McCullin.

The five-page summary outlines terms, planning, renewal action and financial renewal contained in periodicals condensed by McCullin from the Southwest Regional Board of Urban Renewal.

McCullin, plans commission member E. A. Perrin, Mayor Bassel Wilson and Councilman R. W. Wells recently visited with urban renewal officials of the Fort Worth regional office.

Later, McCullin reported to Cameron Chamber directors on a basic outline of what is required if Cameron is to consider participation on a three-to-one matching program under urban development programs.

And McCullin, Perrin and Mayor Wilson presented a basic outline of possibilities before Cameron Rotarians.

First step for the program which, when put into effect, would enable an estimated 20-block downtown improvement program, was publication of a City Council resolution, voted and published early in April.

After sending outlines to the nine-member commission, McCullin announced that a waiting period of 60 days, now underway, must

transpire after the public notice before a public hearing or "Town Hall Meeting" can be held.

**JULY 5 HEARING**  
The public hearing is scheduled 7 p.m. July 5, in First Methodist Fellowship Hall, for questions and presentation of the program possibilities.

He said this week that 30 days following the public hearing or early in August, a referendum on city property owners could be held, voting "yes" or "no" for Cameron participation in an urban renewal program.

McCullin said that he has been impressed with the large amount of interest in some type of program to improve downtown Cameron.

The outline of urban renewal activities shows the objectives to be:

"The objective of Urban Renewal is the elimination and prevention of the spread of blight to effect a program of community wide improvements through a functional coordination of governmental public utilities and services with private investment capital in residential, commercial, industrial and institutional development in accordance with the general plan of the city as appropriately amended from time to time."

Early in the resume, McCullin sets out the definition of the basic terms in the urban renewal program:

**DEFINITION**

"Urban Renewal: Urban renewal is the term used to describe the official program of a community to improve itself through the elimination of slums and blight, and the removal of the causes of slum and blighted areas, thereby preventing the recurrence. Urban Renewal is a locally planned and executed community wide improvement program using public and private resources. Through it, the city seeks to refashion and rebuild its physical plant along modern lines, so that it may cope more successfully with the many problems of this industrial age—poor housing, traffic congestion, inadequate sites for commercial and industrial growth, decay of downtown areas and neighborhood deterioration."

The summary also outlines definitions of "redevelopment, rehabilitation, conservation and reclamation" used frequently in discussing urban development programs, and which will be fully explained in succeeding installments of this series.

McCullin urges Cameron residents to inquire into the possibilities of the program and to ask questions about it.

Members of the City Planning Commission are: Mrs. Perrin, Sapp, Bill Burns, Rev. Richard Freeman, E. A. Perrin, Leo Fuchs, Don G. Humble, Hilliard Thomas, E. O. Schiller Jr., and McCullin.

### City Pool Opens, Limited Schedule

The Cameron Municipal Swimming Pool is now open on a limited schedule and beginning June 1 will be open each day from 2 until 7 p.m.

Alvin Heftt, City water supt., said no manager for the swimming pool had been named, however lifeguards are on duty. Heftt said he would continue to operate the pool until an operator is named.

## Green Named Irving Coach

Ray Green has been named head baseball coach and freshman football coach at Irving High School, starting with the fall semester. He is the son of Mr. and Mrs. Leland Green Jr., Cameron.

Green is a graduate of Southern Methodist University where he was a member of the varsity football team. He had previously been on the coaching staff at SMU.

### HIGH QUALITY MEAT

Federally graded meat assures its high quality, says Mrs. Gwen Glyatt, Texas A&M University Extension consumer marketing specialist. The consistent quality with in each grade results from the efforts of the United States Department of Agriculture Consumer and Marketing Service. To make sure that meat is graded the same in all parts of the country at all times, meat grading supervisors regularly attend "refresher" schools.

## Smalley To Receive

### Degree At Brownwd.

Linda Joyce Smalley of Cameron is a candidate for BA degree from Howard Payne College at Brownwood.

Commencement will be at 9:30 a.m. Thursday (today) in the Brownwood Coliseum with 127 students in the graduating class.

### PLAN FOR EMERGENCIES

Recent severe spring storms, floods and tornadoes remind us that being prepared for any emergency is important, says Miss Shirley Bailey, Extension civil defense specialist at Texas A&M University. Preparedness for emergencies can help save lives. Family members should take time to discuss emergency plans and identify all possible emergencies which might be encountered by the members. Then post the emergency preparedness steps agreed upon in a prominent place to remind each person of his responsibilities.

### ROOM AIR CONDITIONERS

A correctly chosen and properly functioning room air conditioner is much more than a "room cooler," says W. S. Allen, Extension agricultural engineer at Texas A & M University. It does four things: cools, dehumidifies, cleans and circulates conditioned air to provide for more comfortable surroundings. Allen adds that it is usually a good practice to provide a separate electrical circuit for each room air conditioner.

### PORK FOR BARBECUE

Many pork cuts, suggests Frank Orts, Extension meats specialist at Texas A&M University, lend themselves to summer cook out menus and make delicious eating. He lists the cuts as pork chops, whole pork tenderloins and a new one-pork shoulder filets-not seen too often in this part of the country. He emphasizes that all pork should be cooked to the well done stage, 170 degrees F. internal temperature.

## Social Security

### Payments Increase

#### For Temple District

As of January 1, 1966 there were 19,593 persons in the seven-county area served by the Temple Social Security Office being paid monthly social security benefits. Jack Calvert, district manager, stated today. These monthly benefits amounted to \$1,134,441 for a yearly total of \$13,613,172.

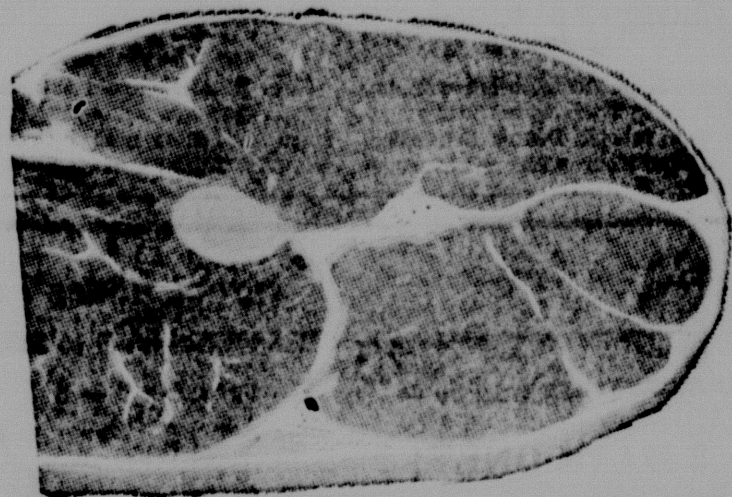

"This increase in the number of persons getting monthly social security benefits each month resulted in part from the 1965 changes made in the law," Calvert said. "The increase of over \$250,000 each month in benefits paid was largely a result of the 7 per cent increase in benefits last year."

"In contacting persons over age 65 for Medicare applications we found many aged persons had worked enough to qualify for monthly social security benefits," Calvert said. "We continue to find persons of retirement age who lose money because they do not contact our office to inquire about benefits when the law is changed."

In Milam County 3,415 persons received \$191,162 monthly. The included 3,187 receiving \$178,048 for retirement and survivors insurance and 231 receiving disability benefits amounting to \$13,114.

Calvert reminds persons 65 and over that they have only until May 31 to sign up for Medicare, if they have not already done so. To get full protection beginning July, an application must be filed with the social security office on or before May 31. Delay can mean the loss of this valuable hospital and doctor bill insurance protection as well as a higher cost.

## Now every day! (Even on weekends) Family fares on Santa Fe.

Start your trip any day of the week. Use Pullman or chair car on any Santa Fe train.

Take, for example, the family of five pictured here: Baby travels free. The older children (under 12 years) go round trip for half the cost of a 1-way ticket. Mom goes round trip on a 1-way fare. Only Dad pays a full fare.

Real savings at mealtime, too! Bargain meal books—only \$12 for adults, \$6 for children—cover five complete Fred Harvey meals between Chicago and California. Generous baggage allowance.

Take your family on an exciting Santa Fe adventure to the Southwest Sun Country or to California. Go now. Pay later. See your local Santa Fe Agent for information or reservations.

Mrs. Lena Yoe, treasurer conducted the Pledge Service, Dreams and Realities with Mrs. Winnie Wittliff presenting the opening music, and Mrs. Don Humble offering the invocation.

Mrs. Stewart Perkins gave the Scripture reading and others participating were: Misses J. H. Thomas, D. R. Dodson, Morris Evans, Bob Terry, Janie Rawls, Winnie Wittliff, F. L. Gregory, John Henderson Jr., M. A. Hearne and Emma Barron.

Mrs. John Henderson Sr. gave the benediction.

### Graduation Theme For Buffet Dinner Honoring Seniors

Jerry Heitman and Harvie Nachlinger, 1966 Yoe High Seniors, were hosts to 33 friends for a buffet dinner at the Heitman home Friday evening, May 20.

The party area was decorated with the Sr. '66 flag and maroon and grey streamers. Silhouettes of boy and girl graduates, and college pennants of some of the colleges the guests plan to attend, decorated the walls.

The linen covered buffet table was centered with a graduate, complete with cap and gown, holding a diploma.

Guests were seated at small tables and each table was centered with a graduate head made from a styrofoam ball. Place cards carried out the graduation theme and had either a boy or girl silhouette. Not cups were small black caps complete with tassel. Napkins also carried out the graduation theme.

### School Receives Surprise Gift At Awards Day

The annual Awards Day assembly at Yoe High School Friday morning took an unusual turn with a student presenting an award to the school.

Takahiko Kubo, International Christian Youth Exchange student who will graduate with the Yoe High 1966 Class, presented a father and mother cap and streamers to the school from his father in Nishinomiya, Japan.

Scholastic awards presented Friday included:

Connie Shumate, Lions Club Scholarship; Mark Humble and Lynette Green, Cameron Rotary Awards; Bobby Schiller, Texas Chemical Council Award; Ronnie Adams, Math Award; Kay Gelner, American History Award; Jane Conley, DAR Good Citizen Award; Eugene Wallace, DAR American History Award.

Departmental awards: George Houston, Agriculture; Jane Conley, Commercial; Diana Mikulec, English; Linda Darilek, Homemaking; David Johnson, Industrial Arts; Frances Ruzicka, Language; Mark Humble, Mathematics; Jerry Heitman, Science; James Wilkinson, Social Studies.

Agricultural awards: Joe Paul Mueck, Dekalb Award; John Vogelsang, Daniel Marek, Bernard Kostrom, Lone Star Farmer Awards.

Homemaking Awards: Judy Young, Crisco Award; Connie Shumate, Betty Crocker.

### Hayride, Bowling Party Honor 1966 St. Anthony Class

Two events honoring the 1935 graduates of St. Anthony School were held this week after the class the proud record in the study.

A hayride was recognized at a Mass Sunday at St. Monica's Church with the Rev. John Greiser giving the graduation sermon.

A hayride that terminated at the McDermott ranch home was sponsored by Mr. and Mrs. Charles McDermott, Jr. and Mrs. Ed McDermott, Sr., and Dr. Lawrence Zatz. The 22 honorees were served a luncheon at dinner. The Rev. Paul McCallum also attended.

An afternoon bowling party at Cameron Bowling Lanes was given the graduates by Mr. and Mrs. Eugene Mitcham, Mr. and Mrs. Frank Matula and Mr. and Mrs. Joe Vybiral. Refreshments of lime punch and cookies were served.

The class had earlier enjoyed their graduation trip that took them to Landa Park at New Braunfels and to San Antonio where they visited the Alamo and the San Jose mission. Adult sponsors were Mrs. McCallum, Mr. and Mrs. Ed McDermott, Mr. and Mrs. Charles McDermott, Mrs. Joe Mayer, Jerome Danies, and Sister M. Richards, principal and teacher.

### Coke, Swim Parties Included In Events For Buckholts Srs.

Thursday, May 19, the Seniors of Buckholts High School were honored at a party at Bellon Lake from 4 till 8 p.m. Honorees were: Rita Baggett, Robert Davis, Don Glaser, Sandra Gresak, Tommy Gresak, Patsy Inge, Janice James, James Jones, Larry Kudlacek, Calvin Sheen Jr. and Frankie Tomasek. Host and Co-hostesses for the party were Mr. and Mrs. Jimmy Hank and Mr. and Mrs. Leon Prude. The group enjoyed an evening of singing and swimming which was climaxed by a camp style supper.

The Senior class of Buckholts High School and the high school's district winning basketball team members were feted Friday night, May 20, at the home of Mr. and Mrs. Leon Brady.

Honored at a Coke party, Monday afternoon, May 23, were Janice James, Sandra Gresak, Patsy Inge, and Rita Baggett. Co-hostesses for the party were Mrs. Vernon Dungan and Mrs. Wilburn Buckhousen. The party doubled as an annual signing party as well. Diana Dungan provided music for the party.

### Ben Milam Teachers Honor Mrs. Werner

A tea honored retiring Ben Milam School teacher, Mrs. E. P. Werner, last week at the home of Mrs. Virginia Schubler.

Ben Milam teachers were hostesses for the tea with about 30 guests calling between 4:30 and 5:30 p.m.

The refreshment table was decorated with an "Apple for the Teacher" theme. Trays held spiced coconut balls shaped and colored as apples, ribbon sandwiches, sand tarts, chocolate cookies and nuts. Greenery surrounded the sherbet punch.

Red and pink calladiums decorated the party rooms. Ben Milam teachers and other personnel presented the honoree with a jewel box and orchid corsage in pink and red.

### Sukiyaki Party For Exchange Student

Chopsticks and Japanese lanterns created an Oriental atmosphere for a Sukiyaki party Tuesday evening honoring Takahiko Kubo, Cameron graduating senior.

Dr. and Mrs. George Bowman, "parents" of the ICY Exchange student this year, were hosts for in Nishinomiya, Japan in July.

Takahiko directed the sixteen guests in the art of preparing and eating Sukiyaki which is cooked at the table as it is eaten.

Takahiko will return to his home Nishinomiya, Japan in July.

UNIFORM MODELED - Mrs. Lee Markham, models a hospital auxiliary standard uniform at the home of Mrs. James Camp for officers of the newly formed St. Edward Hospital Auxiliary. Approving the volunteer workers dress are (left to right) Mrs. James Markham,

1st vice president; Mrs. Camp, president; Mrs. Marek; Mrs. Louis Ellay, 3rd vice president; Mrs. Bob Wells, 2nd vice president; Mrs. Walter Anderle, treasurer. These officers and Mrs. Hillard Thomas, secretary, were installed at a meeting Monday evening.

## Texas Farmers Union Letter Urges Limit On Land Speculation

The 75 member Texas Farmers Union Board of Directors, meeting at Mineral Wells recently, approved a letter to President Johnson urging him to favor income tax law reforms "that will discourage non-farm and hobby interests from speculating in agriculture land where such speculation is destructive of family farm agriculture."

Citing a recent study by two Texas A & M University professors, the letter points out that "land prices continue to rise in spite of the fact that net farm income has declined during the period 1947-1959 and 1963."

This, according to the TFU letter, has created an "unhealthy" situation in which "family farmers are no longer able to compete for land ownership. Texas Farmers Union officials reported.

"Inflated land prices are a detriment rather than an asset to the operating farmer who must consider a return on his land a part of his operating expense. This is particularly true of the young farmer who must rent land. High land prices and speculation by hobby farmers make it difficult for the tenant farmer to rent land at a price he can afford to pay at present farm price levels."

In regard to the recently announced 15 percent increase in

when allotment, the letter points out that "additional acreage for sale at world market prices would only reduce net grover income. Farmers have hailed the move as beneficial, but they are warning that additional acreage will assure them that their net income will be maintained at present levels."

It is further hoped that price support and payment levels on these commodities which are provided with additional acreage to meet foreign commitment, will reflect parity income to the farmer, as is the case research and industry when and when goods are produced for export.

### CARD OF THANKS

We would like to express our thanks to all our friends for the floral offerings, food and other acts of sympathy shown to us at the death of our loved one.

Special thanks to Bro. Lafferty, Mr. Carson, the doctors, nurses and staff of Newton Hospital and to the staff of Green Funeral Home.

God Bless all of you.

Quick Thinking Saves Cameron Woman's Life

Quick thinking by Mrs. Charlie Krenk following a rattlesnake bite last Thursday was credited with saving her life.

She was picking dewberries just before noon Thursday at the home of her parents, Mr. and Mrs. Louis Facktinger in the Ad Hall Community, when a rattlesnake bit her left hand between the thumb and forefinger.

She quickly cut the wound with a razor blade to drain the venom and applied a tourniquet before driving to Cameron for medical treatment.

Highway patrolman Milton Wright stopped her for speeding and when he learned of the snake bite, radioed St. Edward Hospital to stand by with anti-venom serum for her.

A hospital spokesman said Mrs. Krenk was released Sunday following treatment.

spent Friday at Brenham where they attended the "junior day" "Maf Fest," a Brenham tradition of over 100 years.

Mrs. John Lee Persky of Ft. Worth was a guest in the home of her parents, Mr. and Mrs. W. H. Gilbert last week. Mrs. Persky and her mother visited in Freeport Tuesday and Wednesday with Mr. and Mrs. Joe James and family and Mr. and Mrs. William Gilbert and sons.

## County Agent's Notes...

### Dairy Group Plans Meeting

By J. D. Moore

The Heart of Texas Dairy Herd Improvement Association met in Cameron May 23, and made plans for the annual meeting to be held in Cameron on June 2, according to H. L. McClaren, Chairman. The organization is made up of dairymen from Milam, Bell, Falls and Burleson counties with some 1900 cow swan test. Joe Scharinger is Supervisor for the association.

Purpose of the annual meeting is to discuss the business of the association, elect directors and officers and make plans for improving the organization. J. W. Davis and A. M. Meekma, Dairy Science Specialist from A&M will assist

with the program for the day.

H. L. McClaren and Billy Harris represent Milam County, Bob Gray and Milton Sturm, Bell County, Bill Howell and Louis Schoeneman, Burleson County, and C. W. Nutt, Falls County. Dairying continues to be one of the profitable enterprises, if properly managed, for this area.

The swine tour and meeting held last week for Milam county swine producers was interesting, well attended and pointed out opportunities for swine production in Central Texas. Dr. Donald Hudman, Swine Specialist for the Extension Service, was favorably impressed with the work that is being carried on by our local swine producers. Dr. Hudman did his Doctorate work at the University of Nebraska. He is well versed in swine nutrition and the Specific Pathogen Free Plan of swine production. He pointed out that this area should "take a look" at the favorable location, grain supplies and the available supply of good breeding swine from local farms as well as the abundance of "know how" that is being demonstrated by our local swine breeders, as a guide for increased swine production.

### UT Institute For Administrators Set

AUSTIN

June 1 is the application deadline for a six-week 1966 Summer Institute for School Administrators to be held at The University of Texas.

The institute, directed by Dr. Bascom B. Hayes, is scheduled for June 16-July 27. The theme is "Leadership in Administering Change: With Special Reference to Programs for Educationally Deprived Children and Youth."

Dr. Hayes, who is a UT professor of educational administration, said the institute is open to school principals, superintendents, supervisors, curriculum directors and other central staff persons directly involved in National Defense Education Act Title I programs approved for the 1966-67 school year.

### Dallas Meeting Set For Cotton Congress

DALLAS

The American cotton industry's hopes for regaining and possibly expanding foreign markets will be discussed at a meeting here June 3 by Dr. M. K. Horne Jr., Memphis, Tenn., an expert on cotton marketing. Dr. Horne, chief economist for the National Cotton Council, will address the American Cotton Congress at the Baker Hotel. The Cotton Congress is a forum held annually for the presentation of new developments in production, processing, marketing and utilization of cotton. Burris C. Jackson, Hillsboro, chairman of the organization, announced plans for the program, which is open to the public.

Dr. Aaron M. Altshul, New Orleans, who is spearheading the development of food protein for the Department of Agriculture's Food for Peace program, will speak at a luncheon. Other speakers will be Sadler Love, Charlotte, N. C., secretary-treasurer of the American Textile Manufacturers Institute; James R. Walls, Needham Heights, Mass., manager of bagging marketing and sales for Ludlow Corp., a major supplier of wrapping material for cotton bales; and Dr. Page W. Morgan, a member of the plant sciences faculty at Texas A&M University, College Station, who will report on research and related advances for the cotton industry.

### Achievement Test Results Available

Results of the standardized Achievement and Personality tests given children in grades 1 through 3 at Ben Milam and Ada Henderson schools will be available for parents to see next week.

Dr. Herman Brown said the test results will be made available to parents at his office from 8 a.m. until 5 p.m. Thursday, June 2.

## Do What You Say . . .

The Herald has said what it would say to graduates (Quiet Resolution - reprint - May 12, Herald) but it wishes again to congratulate their matriculation.

If we were to coin a phrase for that generation's venture into the "wide wide world," it would be, despite harassment, competition, or misdirection: Do what you say; do it well!

## Ky To Viet Nam . . .

U.S. foreign policy in Viet Nam, as it now stands, is riding on a fellow by the name of Nguyen Cao Ky. He and we have troubles.

Da Nang, site of Communist abetted Buddhist rebellion, has been cleared, but Saigon is in turmoil. Da Nang was a prime target because of heavy U.S. installations there.

Chaos of a first magnitude sweeps the Viet Nam theatre. The old order of Buddhism senses the danger of its tenure: If Communism were to prevail, the native church, though an ally now, would suffer further demise of influence.

If the U.S. effort succeeds, some kind of free elections will further the sweep of the 20th Century into Southeast Asia, passed by those many centuries even before colonial rule.

If Ky can hold out, through the Buddhist-Communist coalition of uprisings, stability, despite the Viet Cong, will come.

Look to Indonesia and see how Indonesian Communist Sukarno fell, who some years ago successfully ejected the Dutch.

It can follow in Viet Nam.

## OLD PHILOSOPHER

Dear editor:

I was out of newspapers yesterday and nothing to read and nothing else to do so decided to do a little tractor work, as I understand the surplus is being reduced and a man can now plow without feeling guilty.

My intentions were good but the tractor wouldn't start, and I got to thinking. That tractor I'll admit is 17 years old but it's still got some good years ahead. I know a neighbor who has a 28-year-old model and it runs all right. Probably what it needs is a cleaner carburetor, new spark plugs, new points, a new battery, a new generator, and possibly the valves need grinding and to tell the truth probably a complete over-haul would help.

But that runs into a lot of money.

Then I got to thinking some more. Why should a tractor, just because it's old, have to be mortgaged to the future to stay off the junk heap?

What's the matter with Congress? Why not a Tractor-Care Program? To shorten it, you could call it Tractor-Care, and any tractor, on

reaching the age of say 10, would be eligible.

If the program works, the next step, and this will prove far more popular, would be Auto-Care. Most people spend more buying a car and keeping it going than they do on their health, and the job is getting more burdensome every year. Takes \$40 or \$50 to take one dent out of one fender, and if you do something serious, like throwing a rod, you've got your future mortgaged.

The way things stand now, the automobile manufacturers take care of breakdowns for the first 25,000 miles, in some cases longer, but it's what happens after that I'm talking about. That's when the government ought to step in.

After we get Tractor-Care and Auto-Care going, with maybe Leg-Care thrown in to take care of damage suits if you run into somebody, other areas may offer possibilities. I noticed last night my television set was flickering, one of the tubes must be getting weak. You reckon something couldn't be worked out on T. V. Care?

Yours faithfully,  
J. A.

# Survey To Study School Finding

By Vern Sanford

AUSTIN

A blue-ribbon committee named by Gov. John Connally has adopted guidelines for long-range research into public school needs in Texas. Committee has ordered a survey to determine if the local share of the cost of education is divided fairly.

Known as the Committee on Public School Education, the group has authorized studies in 128 districts over the state, including 30 with 12,000 or more scholars.

Validity of the present economic index — relied on to determine contributions by local school district to the state-wide fund — will be measured carefully to determine how tax assessments compare with actual property value. Overall study areas agreed on by the Committee include:

Definition of educational goals, program evaluation, personnel matters, financing, administration, impact of the new federal aid federal aid programs, effect of integration on educational quality (with particular reference to problems of faculty desegregation), equity of local property taxes, problems of school size, merit salary plans, teacher effectiveness with varying pupil-teacher ratios, and methods of removing incompetent teachers.

A spokesman for the Texas State Teachers Association called on the Committee to make an interim recommendation for another teacher salary raise next year, although the panel study is not due for completion until August, 1968.

TSTA is pushing for a pay boost of about \$60 a month to bring 120,000 Texas teachers to the national average about \$6,506 a year, together with a built-in "escalation" provision in the state law to guarantee biennial raises keeping salaries up to the U. S. average.

Committee members displayed widely-varying reactions to the presentation by TSTA's L. P. Sturgeon, Chairman Leon Jaworski of Houston said adequacy of compensation will certainly be weighed by the study group, but noted other pressing state needs and necessity of exploring entire area of school finance.

Pay raises for teachers and state employees likely will be among top money issues before the Legislature in 1967.

### RURAL VOTES IMPORTANT

Rural voters were commended highly by Rep. James L. Slider of Naples for making such a strong showing statewide in the number of votes cast in the first primary.

In conferring with House Speaker Ben Arnes, Slider said he considered it of urgent importance that rural voters repeat this performance in the second primary to offset block votes of metropolitan areas. "Their vote is now a matter of self-preservation, as well as reasonable citizenship," he said.

Slider represents the predominantly rural areas of Cass, Marion, Morris and Titus Counties.

**COLLEGES LOOKING FORWARD**  
Texas colleges are looking forward to June 1, when the building money boost approved by state voters last November actually goes into effect.

Voters approved a 10-cent per \$100 valuation state ad valorem tax to provide a method of payment for college building bonds.

They also approved broadening the number of schools which have the benefit of the building bonds from 12 to 17.

**OIL PRODUCTION NIPPED**  
Eight straight months of steady increase in the oil allowable ended when the Railroad Commission dropped production for June back to 34.5 per cent of potential — compared to 35 per cent for May. Under the June order, a max.

Earlier, the commission was asked by oilmen and geologists to increase from five to ten the number of allowable discovery wells in new fields. Such wells can produce more than usually allowed and are exempt from monthly market demand factor.

On March 28 the commission had increased the onshore oil discovery allowable period from 13 to 24 months. Experts argued that the increasing number of discovery allowable wells would do more to encourage exploration.

### COURTS SPEAK

Court of Criminal Appeals ordered early sanity hearing for Jack Ruby, thus clearing the way for appeal of his death sentence for killing presidential assassin Lee Harvey Oswald.

Court reversed and ordered a retrial in the death penalty-murder conviction of Robert Earl McIlwain resulting from a strangling of an Air Force sergeant at Amarillo last July.

State Supreme Court refused to order a new sanity hearing before the second trial of Leslie Douglas Ashley for the 1961 murder of Fred Tones, Houston, real estate man. Ashley's trial was slated to begin in Gatesville Monday.

### PLANTING DEADLINE

Cotton farmers in 25 Central and Coastal Bend counties were granted an additional 15 days — until midnight June 4 — to plant rain-soaked fields.

Agriculture Commissioner John White extended the deadline for the following counties: Austin, Brainerd, Chambers, Colorado, Fayette, Fort Bend, Galveston, Gonzales, Harris, Jefferson, Lavaca, Liberty, Matagorda, Orange, Waller, Washington, Wharton, Bastrop, Caldwell, Comal, Guadalupe, Hays, Lee, Travis and Williamson.

### MCKINNEY CENTER PLANNED

Board of Texas Educational Foundation, Inc., operators of Gary Job Corps Center, voted to undertake direction of a Job Corps Center for Women in McKinney.

Plans for the center tentatively call for an enrollment of 500 girls in the facility to be developed at McKinney's abandoned Veterans Administration Hospital. Board authorized Gary Center Director O.

## DIPLOMATIC POUCH

WASHINGTON, D.C. The following letters were recently answered by the Department of State.

The enclosed booklet, published by the Foreign Languages Press in Peking, was found near a local university. The message presented in it is clearly biased and hostile to the United States. How did this get into the country? An exchange of materials between honest and honorable men would be legitimate, but you must know they have no intention to be factual and dependable.

G. R.

Madison, Wis.

Dear Senator R.

Let us assure you that we have no illusions about the character of the Chinese or other communists. Nevertheless, we feel that it is essential for the formation of our foreign policy to study Peking's statements and intentions. Many universities in the United States have completed invaluable research on many aspects of Communist China for the Department of State, the Department of Defense, and for other organizations. Scholars would not have been able to carry out this research without the pertinent documents and papers. We have been able to obtain relatively scarce Chinese Communist magazines and other papers through our current policy of permitting them to be imported.

The sample you sent us carried a mark indicating that other cop-

ies had been filed with the Department of Justice, as required by law.

I would like to know Bulgaria's position in the United Nations, and how it stands on the following issues:

1. The Pakistan-India dispute over Kashmir;
2. Apartheid;
3. The Jordan-Israel dispute over the natural resources of that area;
4. The United States' involvement in Vietnam.

N.H.T.

Germantown, Ohio

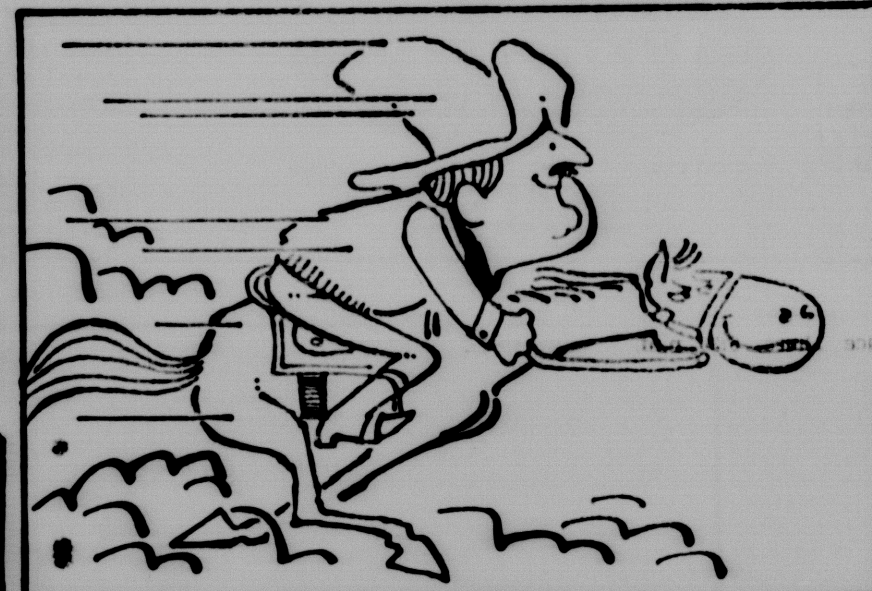

Dear Miss T.

In the United Nations, Bulgaria closely follows the lead of the USSR and rarely deviates from the foreign policy line of that country. Thus, in the dispute over Kashmir, Bulgaria has verbally been inclined to favor India, inasmuch as the Soviet Union has been generally inclined the same way. As to apartheid, Bulgaria continues to be opposed to this policy in any form, and uses such forums as the United Nations to denounce apartheid vehemently. With regard to the Jordan-Israel dispute over the natural resources of that area, Bulgaria has tended to favor Jordan. As is the case with all Communist countries, Bulgaria has been highly critical of the U. S. involvement in Viet Nam and has verbally attacked the policy of this country on a number of occasions on this issue.

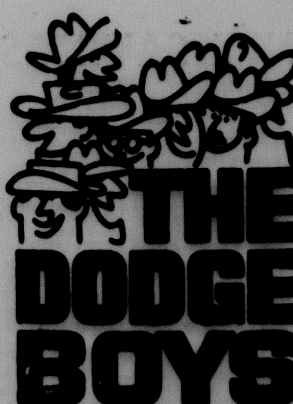

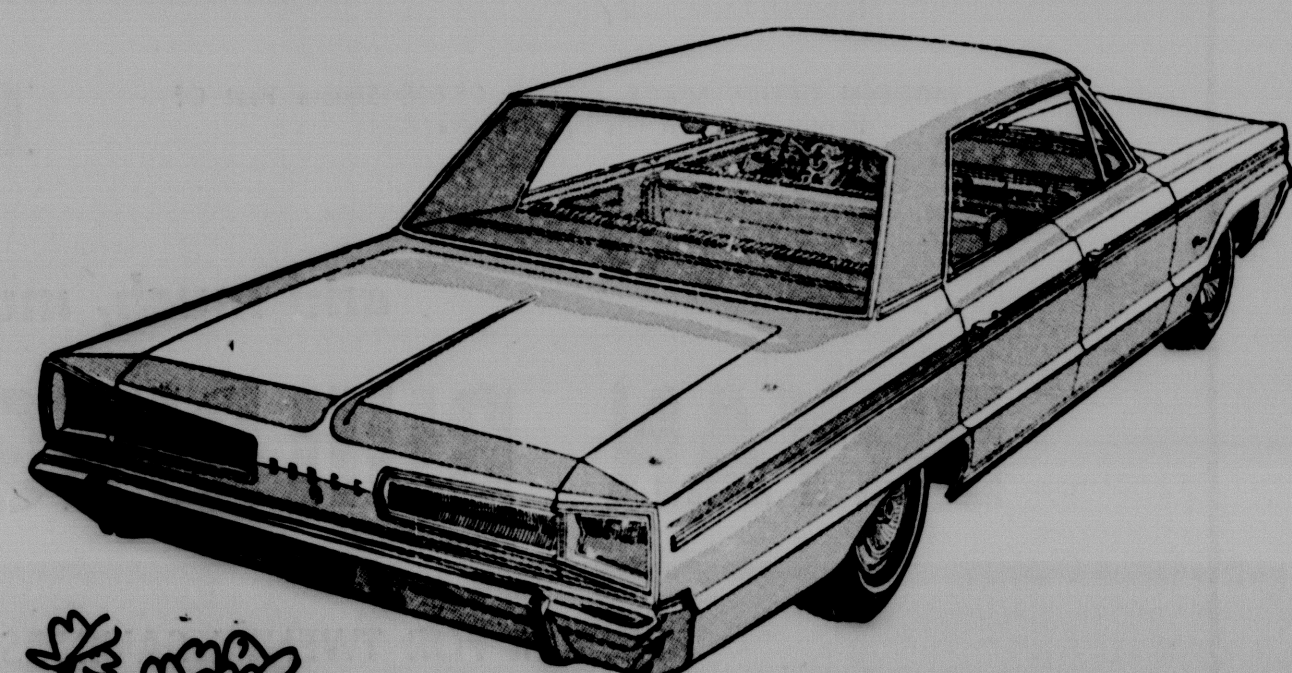

You are probably aware that in December 1965, Bulgaria was elected to one of the temporary seats on the Security Council of the United Nations.

Do you have an inquiry? Send it to: "The Diplomatic Pouch" P.M.S. Room 4835 U. S. Department of State Washington D. C. 20520

## TAKE YOUR PROBLEMS TO CHURCH THIS Millions Leave Them There!

### LOST BOY

Dry those tears, Sonny. The Law has brought you home.

But when you're grown up, don't get lost then—for the Law won't be able to bring you home!

Sure, grown-ups often get lost. They choose the wrong road, they take the wrong turn, they depend on the wrong ideas, they seek the wrong aims. And some of them get lost again and again.

Why can't the Law bring them home, too? Well, when a grown-up gets lost he generally does a lot of harm to himself and others. And then it's the job of the Law to protect people from the harm he is doing.

But, Sonny, when you grow up you're not going to get lost. We have thousands of churches for youngsters like you—and for your parents, too. Churches teach us to find ourselves before we have a chance to get lost.

#### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## REA Approves Bartlett Co-Op Expansion Loan

Cong. W. R. Phase, 11th Texas District, has advised the Bartlett Electric Cooperative Inc., that it's loan application in the amount of \$277,000 has been approved by the Rural Electrification Administration.

Purpose of the loan is for the following: 35 miles of new line to serve approximately 290 consumers, system improvements, and to reimburse general funds which have already been spent for construction purposes. These funds will be spent almost entirely in the Bell, Milam, and Williamson County area for bringing electricity to Central Texans and for improving service facilities now existing. Those funds being spent outside this area will be for construction materials only, which can not be produced locally.

The Bartlett Electric Cooperative, the first to energize a REA project in the United States, was granted their first loan in November, 1935, in the amount of \$32,546.84 which was used to construct 30 miles of line to serve 60 consumers.

These loan funds bring the amount loaned the Bartlett Electric Cooperative to a total of \$2,203,141.03, practically all of which has been spent in Central Texas.

## THE FAMILY LAWYER

### LOOKING INTO YOUR LUGGAGE

Scene: the customs office at any point of entry into the United States. In plain sight of whoever cares to look, a customs inspector opens a suitcase and suspiciously fingers the personal belongings it contains. The couple who own the suitcase, coming home from a trip abroad, silently seethe. It is no wonder that many people resent such treatment. Prying into private effects, like rummaging through private homes, is surely not the usual prerogative of our government.

In fact the Constitution itself, in the Fourth Amendment, forbids any "unreasonable search and seizure."

But examining your luggage at the border is an exception -- and for a good reason. Bringing merchandise into the country is not your inherent right, but only a privilege, granted on terms the

government may choose to impose.

"The necessity of enforcing the customs laws," explained a federal court, "has always restricted the rights of privacy of those engaged in crossing the international boundary."

Furthermore, to make sure it isn't cheated, the government may be firm indeed in enforcing its rules and regulations.

For instance: One woman complained of having to disrobe in the presence of a female official as part of a customs search. She argued that this was improper, in the absence of any "probable cause" to believe she was hiding something. But the court upheld the procedure, saying:

"This was a border search; and while it, as well as any other, must be lawfully conducted, different rules are applicable to search-

ch at the border and search anywhere else."

Isn't this hard on tourists? Perhaps it is. Yet, consider the practical problems of law enforcement faced by the government. Once a person gets past customs, the Fourth Amendment takes over -- and the chance of catching a smuggler may be lost forever.

In one case, customs agents stopped a suspected smuggler of narcotics after he was 70 miles inside the border. Sure enough, they found heroin in his pocket. But this damning evidence was rejected in court, because the agents had searched the man without the required "probable cause."

How much better to catch such people at the border, said a federal judge, than to play hide-and-seek with them afterward.

## T. L. Austin, C. Wooldridge On TP&L Board

Texas Power & Light Company named two directors and a new executive vice president at a board of directors meeting in Dallas Wednesday afternoon. W. W. Lynch, TP&L president, announced.

T. L. Austin Jr., head of TP&L's divisional operations, was named a director and executive vice president, succeeding L. A. Byron who is retiring but will remain with the Company as a consultant. Also named as a director was Charles W. Wooldridge, TP&L president in charge of engineering, construction, transportation and purchasing.

In other action the board named

Garland Button general manager of divisional operations. Austin's former position. Button, an assistant vice president, has been director of area development. His successor has not yet been announced. Button is a former Eastern and Southern division manager for the Company. He joined TP&L in 1945.

James D. Eppright, assistant vice president in charge of personnel, was named general manager of sales succeeding Bassett Watson, vice president, who was appointed to a special activities position. Eppright joined TP&L in 1947 as a commercial service advisor in the Company's McKinney

district. He served as district manager in Palestine and has held various sales supervisory positions. Eppright is succeeded as manager of personnel by James F. Gregory, TP&L's Central division manager in Irving.

TP&L's new executive vice president and director is a native of Trenton, Tennessee. Prior to joining TP&L in 1950 as assistant to the president, Austin spent 6 years as an official of Industrial Generating Company at Rockdale. He was named vice president in 1961. He has been active in the work of the Dallas Management Association, the Texas Research

Foundation, the Dallas County United Fund and the Children's Medical Center building campaign.

Wooldridge joined the Company in 1930. He served as a district manager, manager of personnel and vice president of the Dallas Rotary Club, former district governor of Rotary International, and was a director of Texas Technological College. He is a director and past president of the Cotton Bowl Athletic Association, a director of Metropolitan Federal Savings and Loan Association and a director of the Dallas Summer Musicals.

#### 1. REPLACE OR CLEAN FILTERS

Dirty filters cut down air flow... increase operating cost. Replace or clean before hot weather starts... monthly thereafter.

#### 2. OIL VITAL SPOTS

Refer to the operating manual for instructions on oiling.

#### 3. HAVE A CHECK-UP

A periodic check-up by a qualified serviceman will assure efficient and economical operation.

#### 4. SET THE THERMOSTAT

The hotter it is outside, the more your air conditioner must work. Set the thermostat for a comfortable temperature; don't try to make it "December in July."

## How Much Do You Know About Colors?

by Jane Sherrod Singer, M.A.,  
University of California

Colors are so much a part of our life that we take them for granted. Yet, we have our favorites and they affect our moods more than we realize. Our language is filled with "colorful" expressions - "green with envy," "a blue mood," "seeing red," "yellow coward". This quiz, based on the work of Dr. Isay Balinkin, Professor of Experimental Physics and color demonstrations will open your eyes as to how much you know about one of man's greatest treasures, the phenomenon of color.

- |  | YES- | NO  |

| 1. Which major hues make up sunlight?  | ( )  | ( ) |
| 2. Who discovered the spectrum of color and with the beginning of the science of color?  | ( )  | ( ) |
| 3. Is there a reason for wearing white in summer and dark colors when it is cold?  | ( )  | ( ) |
| 4. What causes color-blindness?  | ( )  | ( ) |
| 5. Which are the most popular colors?  | ( )  | ( ) |
| 6. If you asked someone to move one of two boxes, exactly the same size and weight, but one painted pale green and the other dark grey, which one would a person most likely to pick up? | ( )  | ( ) |
| 7. If you asked a person to place a box on one of two benches both twenty feet away, but one painted red and the other blue, on which bench would he most likely place it?               | ( )  | ( ) |
| 8. What is the difference between the colors of light and the colors of pigment?   | ( )  | ( ) |

### ANSWERS:

1. Sunlight is composed of six major hues, red, orange, yellow, green, blue and violet. These however can be reduced to the three primary colors: red, green and blue.
2. In 1666 Isaac Newton, by "bending light through a prism of clear glass, discovered the spectrum, the separation of colors in light. What he saw, is shown us by nature when raindrops separates light and we observe the spectrum in a rainbow.
3. There is a very good reason for changing the color of clothing when it is hot or cold. White reflects the radiant energy of light and less heat is absorbed. Dark clothing absorbs light and you are warmer.
4. Color is perceived by the cones on the retinas of the eyes, the inner layer. When a person does not have cones operating perfectly, he or she may be color-blind to some extent. One man in twelve is color-blind while only one out of two hundred women have difficulty distinguishing color.
5. Red is the universal favorite with women, blue is most popular with men, certain shades of yellow are least favored.
6. Working visually, the average person would most likely pick up the pale green box because it "looks lighter."
7. The chances are that a person would place the box on the red bench. Red is an advancing color and appears to be closer. Blue recedes.
8. Light from the sun is visible radiant energy. Without sunlight, there is black or darkness. Light, or white, is the combination of the basic hues. In pigment, the opposite is true. White is the absence of color but to make black, one must combine primary colors of pigment; magenta, Yellow and cyan (blue-green).

## LEGAL NOTICE

An ordinance granting to Lone  
 Star Gas Company, a Corpora-  
 tion, its successors and assigns,  
 a franchise to furnish and supply  
 gas to the general public in the  
 City of Cameron, Milam County,  
 Texas, and the environs thereof,  
 providing for the payment of a  
 fee or charge for the use of the  
 streets, alleys and public  
 ways, and providing that it shall  
 be in lieu of other fees and  
 charges, excepting ad valorem  
 taxes.

Be it ordained by the City Coun-  
 cil of Cameron, Texas:

**SECTION 1.** That the City of  
 Cameron, Texas, hereinafter called  
 "City," hereby grants to Lone Star  
 Gas Company, hereinafter called  
 "Company," its successors and  
 assigns, consent to use and occupy  
 the present and future streets, al-  
 leys, highways, public places, pub-  
 lic thoroughfares and grounds of  
 City for the purpose of laying,  
 maintaining, constructing, operat-  
 ing and replacing therein a and  
 thereon pipelines and all other ap-  
 purtenances, equipment needed and  
 necessary to deliver and sell gas  
 to persons, firms and corpora-  
 tions, including all the general pub-  
 lic, within the City's corporate  
 limits and the environs thereof,  
 said consent being granted for a  
 term of twenty-five (25) years  
 from and after the date of the  
 final passage and approval of this  
 ordinance.

**SECTION 2.** Company shall lay,  
 maintain, construct, operate and  
 replace its pipes, mains, laterals  
 and other equipment so as to in-  
 terfere as little as possible with  
 traffic and shall promptly clean  
 up and restore to an approxi-  
 mate original condition, at its cost,  
 all thoroughfares and other sur-  
 faces which it may disturb. The  
 location of all mains, pipes, laterals  
 and other appurtenances equip-  
 ment shall be fixed under the su-  
 pervision of the City Council or  
 an authorized committee or agent  
 appointed by said Council.

**SECTION 3.** When Company shall  
 make or cause to be made ex-  
 cavations or shall place obstruc-  
 tions in any street, alley or other  
 public place, the public shall be  
 protected by barriers and lights  
 placed, erected and maintained by  
 Company; and in the event of  
 injury to any person or damage  
 to any property by reason of the  
 construction, operation or mainte-  
 nance of the gas distributing plant  
 or system of Company, Company  
 shall indemnify and keep harm-  
 less City from any and all liabil-  
 ity in connection therewith. Com-  
 pany shall repair, clean up and  
 restore to an approximate origi-  
 nal condition all streets and alleys  
 disturbed during the construction  
 and repair of its gas distribu-  
 tion system.

**SECTION 4.** In addition to the  
 rates charged for gas supplied,  
 Company may make and enforce  
 reasonable charges, rules and re-  
 gulations for service rendered in  
 the conduct of its business, in-  
 cluding a charge for services ren-  
 dered in the inauguration of natu-  
 ral gas service, and may require,  
 before furnishing service, the exe-  
 cution of a contract therefor. Com-  
 pany shall have the right to con-  
 tract with each customer with re-  
 ference to the installation of, and  
 payment for, any and all of the  
 gas piping from the connection  
 thereof with the Company's main  
 in the streets or alleys to, and  
 throughout the consumer's premi-  
 ses. Company shall own, operate  
 and maintain all service lines  
 which are defined as the supply  
 lines from the Company's main  
 to the consumer's curb line when  
 mains are located in the streets  
 and to the consumer's property  
 line when mains are located in  
 the alley. The consumer shall own,  
 operate and maintain all yard lines  
 and house piping. Yard lines are  
 defined as the underground sup-  
 ply lines extending from the point  
 of connection with Company's ser-  
 vice line to the point of connec-  
 tion with consumer's house piping.  
**SECTION 5.** Company shall not

be required to extend mains longi-  
 tudinally on any street more than  
 fifty (50) feet for any one con-  
 sumer of gas, nor shall Company  
 be required to connect consumers  
 to intermediate or high-pressure  
 lines.

**SECTION 6.** Company shall be  
 entitled to require from each and  
 every consumer of gas, before gas  
 service is commenced, a deposit  
 of twice the amount of an esti-  
 mated average monthly bill, which  
 said deposit may be retained by  
 Company until service is discon-  
 tinued and all bills therefor have  
 been paid. Company shall then  
 return said deposit to the con-  
 sumer, together with six percent  
 (6 percent) interest thereon from  
 the date of said deposit up to  
 the date of discontinuance of ser-  
 vice. Company shall be entitled  
 to apply said deposit, with accrued  
 interest, to any indebtedness owed  
 Company by the consumer making  
 the deposit.

**SECTION 7.** The rights, privi-  
 leges and franchises granted by  
 this ordinance are not to be con-  
 sidered exclusive, and City here-  
 by expressly reserves the right  
 to grant, at any time, like privi-  
 leges, rights and franchises as it  
 may see fit to any other person  
 or corporation for the purpose of  
 furnishing gas for light, heat and  
 power to and for City and the  
 inhabitants thereof.

**SECTION 8.** Company shall fur-  
 nish reasonably adequate service  
 to the public at reasonable rates  
 and charges therefor; and Com-  
 pany shall maintain its property,  
 equipment and appliances in good  
 order and condition.

**SECTION 9.** Company, its suc-  
 cessors and assigns, agrees to pay  
 and City agrees to accept, on or  
 before the 1st day of September,  
 1966, and on or before the same  
 day of each succeeding year dur-  
 ing the life of this franchise up  
 to and including the year 1990,  
 a sum of money which shall be  
 equivalent to two percent (2 per-  
 cent) of the gross receipts re-  
 ceived by Company from the sale  
 of gas to its domestic and com-  
 mercial consumers within the cor-  
 porate limits of said City "exclus-  
 ively" excluding, however, receipts  
 derived from sales to industrial and  
 governmental users and consum-  
 ers in said City) for the preced-  
 ing calendar year, which annual  
 payment shall be for the rights  
 and privileges herein granted to  
 Company, including expressly, with  
 out limitation, the right to use  
 the streets, alleys and public ways  
 of said City. And it is also ex-  
 pressly agreed that the aforesaid  
 annual payment shall be in lieu  
 of any and all other and addi-  
 tional occupation taxes, easement  
 and franchise taxes, or charges  
 (whether levied as an ad valorem,  
 special or other character of tax  
 or charge), in lieu of municipal  
 license and inspection fees, street  
 taxes and street or alley rentals  
 or charges, and all other and ad-  
 ditional municipal taxes, charges,  
 levies, fees and rentals of what-  
 soever kind and character which  
 City may impose or hereafter be  
 authorized to levy and collect, ex-  
 cepting only the usual general or  
 special ad valorem taxes, which  
 City is authorized to levy and  
 impose upon real and personal

property. Should City not have the  
 legal power to agree that the pay-  
 ment of the foregoing sums of  
 money shall be in lieu of taxes,  
 licenses, fees, street or alley ren-  
 tals or charges, easement or fran-  
 chise taxes or charges aforesaid,  
 then City agrees that it will apply  
 so much of said sums of money  
 paid as may be necessary to sat-  
 isfy Company's obligations, if any,  
 to pay any such taxes, licenses,  
 charges, fees, rentals, easement  
 or franchise taxes or charges.

In order to determine the gross  
 receipts received by Company from  
 the sale of gas "exclusively" ex-  
 cluding the sale of gas to indus-  
 trial and governmental consumers)  
 within the corporate limits of City,  
 Company agrees that on the same  
 date that payments are made as  
 provided in the preceding para-  
 graph of this Section 9, it will  
 file with the City Clerk a sworn  
 report showing the gross receipts  
 received from the sale of gas to  
 its domestic and commercial  
 consumers within said corporate  
 limits for the calendar year pre-  
 ceding the date of payment. City  
 may, if it sees fit, have the books  
 and records of Company exam-  
 ined by a representative of said  
 City to ascertain the correctness  
 of the sworn reports agreed to be  
 filed herein.

Receipts from sales to govern-  
 mental users or consumers shall  
 include all those receipts derived  
 from the sale of gas to federal,  
 state, county or city governments  
 or branches and subdivisions there-  
 of, school districts or other simi-  
 lar districts, it being the inten-  
 tion to include within the term  
 "governmental users and consum-  
 ers" all tax-supported institutions  
 owned or operated directly or in-  
 directly by said governments and  
 branches or subdivisions thereof,  
 such as schools, colleges, hospi-  
 tals, eleemosynary institutions, ar-  
 my or training camps, airports,  
 courthouse, city hall and other in-  
 stitutions of like or similar kind  
 and character.
